I will send out a calendar request. Please add/forward to anyone on your end that will be attending and please send me a list of names and titles of anyone else that will be joining on the call. Do you want to set up a conference line on your end for us to call into?

Thanks,

Marc

How does 8am or 1:30pm on Monday, July 10th work for your group? I don't think we would need more than an hour but I can schedule it for an hour and half to be safe. If that doesn't work, I can look at other days and times that week but I know that works for myself and for EPA's technical enforcement counterpart, Sherrie Kinard.

Thanks,

Marc

Marc:

I will need to wrap in several other people for the conference, so will need to review a few specific times and dates, but the week of July 10 is a good one for me to shoot for if that works on your end. We would not need to meet in person, a teleconference will work for us with several folks calling in from different parts of the country.

Bruce Gelting

Thanks for your call last week and the follow-up email. I will check with my technical enforcement counterpart on dates that work on our end for an informal settlement conference. Let me know if you have any dates/times in the next few weeks that will or will not work on your end. Also, let me know if you want to do this by teleconference or in person at our Region 8 Office in Denver.

Marc
